

Installation of Economy LED Light Kit on AP123 MDB

Important Note: Please read all instructions thoroughly before continuing with installation of kit.

WARNING: Prior to installation, turn the power off to the vending machine and unplug it from its power source.

Remove fluorescent tube. To install snap-in reflector, place lower edge of reflector on lip above top edge of glass retainer. Start at one end, hold bottom of reflector in place and push back on reflector to partly snap into top lip of door. Repeat above for opposite side. Work toward middle until reflector is completely snapped in place. *Note: Take care in not bending reflector excessively.*

After reflector is snapped in place, remove backing from 18 LED strip and attach to center of reflector with wires on hinge side of door.

Plug in wires from 18 LED strip. Plug 24V harness to MDB power supply. Plug MDB power supply into machines MDB plug.
