

LED Lighting Kit and Motion Sensor

Traditional Fluorescent Lighting

NEW VE LED Lighting System

The Deluxe LED Lighting Kit from Vendors Exchange provides full illumination of all products in your snack machine, using up to three energy-efficient LED light strips that last an average of four-times the life of traditional fluorescents.

Features:

- Even illumination eliminates shadows, even on lower shelves
- Extremely energy efficient, reducing lighting energy use by up to 50%
- LED lights last an average of four-times the life of traditional fluorescents
- Draws attention of customers over 20 feet away
- Installs on machine in minutes
- Addition of Motion Sensor Kit further reduces lighting energy use by up to 88%
- Motion Sensor dims lights when no one is in front of the machine, prolonging the life of lamps even more

Options:

- Deluxe LED Lighting Kit (3 strips)
- Deluxe LED Kit with MDB
- Economy LED Lighting Kit (1 strip)
- Economy LED Kit with MDB
- Motion sensor
